

**Annenberg Science Knowledge Survey: Zika
May 5-May 9, 2016 (Week 13: N=1,008)**

Appendix

How concerned are you that Zika virus will spread to where you live? (READ LIST)¹

	CONCERNED %			NOT CONCERNED %			Don't know %	Refused %
	NET: Concerned ²	Very concerned	Somewhat concerned	NET: Not Concerned	Not too concerned	Not concerned at all		
5/9/16	55	25	31	43	28	15	1	*

*Less than 0.5%

How likely, if at all, is it that someone who contracts ZIKA virus will die as a result? (READ LIST)

	LIKELY %			NOT LIKELY %			Don't know %	Refused %
	NET: ³ Likely	Very likely	Somewhat likely	NET: Not Likely	Not too likely	Not likely at all		
5/9/16	45	12	32	47	30	17	8	--

To the best of your knowledge, is there a vaccine against Zika virus, or isn't there one?

	Yes %	No %	Don't know %	Refused %
5/9/16	13	76	11	*

*Less than 0.5%

¹ Total less than 100% due to rounding

² Net does not add up due to rounding

³ Net does not add up due to rounding

When do you think there will be a vaccine for ZIKA virus available to the U.S. public? (READ LIST)

	By the end of the summer %	By the end of the year %	Sometime in 2017 %	Not for at least 3 more years %	Or don't you think scientists will be able to develop a vaccine %	Don't know %	Refused %
5/9/16	9	19	29	26	7	10	*

*Less than 0.5%

If there were a vaccine that protected you from getting ZIKA (ZEE-ka) how likely, if at all, is it that you would get the vaccine?⁴ (READ LIST)

	LIKELY %			NOT LIKELY %				
	NET: Likely	Very likely	Somewhat likely	NET: Not Likely ⁵	Not too likely	Not likely at all	Don't know %	Refused %
5/9/16	55	28	27	42	19	24	2	*

*Less than 0.5%

⁴ Does not add up to 100% due to rounding

⁵ Net does not add up due to rounding

If there were a vaccine that protected you from getting ZIKA (ZEE-ka) how likely, if at all, is it that you would get the vaccine?

By Belief that Zika will result in death and Concern that Zika will spread to where you live

Likelihood of Getting Zika Vaccine	Person infected with Zika Likely to Die as a Result %		Concerned Zika Will Spread to Where you Live ⁶ %		Total % ⁷ (N=1,008)
	Likely to die (N=437)	Not likely to die (N=487)	Very/Somewhat Concerned (N=558)	Not too/Not at all concerned (N=438)	
Likely to get Zika vaccine, if there were one	66***	49	65***	44	55
Not Likely to get Zika vaccine, if there were one	32***	50	33***	56	42
Don't know/Refused	2	1	3	1	2

***p<.001 Controlling for Education, Race, Age, Gender, Ethnicity, Region, Income, and Political Ideology

⁶ Columns greater than 100% due to rounding

⁷ Column less than 100% due to rounding

ANNENBERG SCIENCE KNOWLEDGE SURVEY METHODOLOGY

The Annenberg Science Knowledge (ASK) survey was conducted for the Annenberg Public Policy Center via telephone (CATI) by SSRS, an independent research company. Interviews were conducted from May 5, 2016 through May 9, 2016 among 1,008 U.S. adults, aged 18 and older, drawn from a national probability sample in all 50 states. The dual frame sample, included 607 cell phone respondents and 42 respondents who completed the survey in Spanish. Data were weighted to represent the target U.S. adult population. The adjusted margin of error for total respondents is +/- 3.7 % at the 95% confidence level. The response rate was 6% (AAPOR RR 3).

For more detail on the methodology, including sampling, within household respondent selection, weighting variables and procedures, please visit [SSRS Omnibus](#).
